- 1.You'll find the first one in the second coldest part of the house .....under something that comes from a farm.
- 2.The next one is flapping in the breeze ....it's where wet things dry.
- 3.The next one is found underneath where your dreams are made.
- 4.The next one is found inside something that goes with you to school everyday.
- 5.The next one is under something that keeps a part of you as white as possible.
- 6.The last one is under something that is very important in every house , without it we would become very smelly.

Put them all together to discover the Bible verse.
